[Jada] Ah-ha!

[Chorus]

Shorty gettin it in with me (uh-huh)  
Shorty gettin it in with me (yeah)  
She said I brought some friends with me, but I don't  
know why  
Because they ain't gettin in with me (uh-uh)  
Shorty gettin it in with me (yeah, yeah)  
Shorty gettin it in with me (uh-huh)  
She said I brought some friends with me, but I don't  
know why (yeah)  
Because they ain't gettin in with me (yo)

[Verse One: JadaKiss]

You know me, I'm with a ghetto diva, stiletto fever  
Jell-o shots, yellow reefer  
Same rules apply, I'm back on top  
You can't drink or smoke if you not gon' pop  
See me in the popcorn drop, not gon' stop  
Takin shots of Catron, gettin top on yachts  
The medallion's a mountain, rock on rocks  
The whole world wanna know when this lock gon' drop  
Without a doubt, she acknowledge the wealth  
Since she ain't give brains, I told her let me get some  
knowledge of self  
Then I told her be proud of yourself and dig deep  
And try to see what you could get out of yourself  
After all that, I told her to fall back  
The Ferrari truck parked in the back is all black  
Next time, bring some friends and more 'gnac  
It depends how I feel in the morn' if I call back, what

[Chorus]

[Verse Two: Kanye West]

Yeah, Kanye to the, yeah  
I'm with this bad Ethiopian chick, drinkin straight up  
liquor  
I told her I'm nigger-ian, a straight up nigga  
Now is it just me, or do them ugg's

Have girls be lookin like sheepskin rugs  
Some rhyme with a name, some rhyme nameless  
Don't try to treat me like I AIN'T FAMOUS  
My apologies, are you into astrology  
Cause I'm, I'm tryin to make it to Uranus  
See that's a little Don Juan game  
All across your chest like Sean John name  
Niggaz tryin to figure out since Kan came  
Who the rookie of the year, me or LeBron James  
They say whoa, don't get caught up in the hype  
Ain't no tellin they gon' love you after tonight  
Well if tonight's the night, pop bottles, fuck models  
Spend money 'til you broke, my nigga live your life!

[Jada] Ah-ha!

[Chorus]

[Verse Three: Jadakiss]

Shorty gettin it in with me, 600 Benz with me  
She wanna spend with me, uhh  
She see me roll up the bud, then thug out the club  
Cause I got my mens with me, uhh  
She said she leavin her friends for me  
They ain't gettin in with her, cause she gon' bend for  
me, uhh  
Her tongue spin like a rim for me, do what she can for  
me  
Look like a ten for me, uhh  
Now shorty is out with me, usin her mouth for me  
She lookin out for me, uhh  
She said 'Kiss where you live, I said you see the Bridge  
when you step on the balcony, let's go

[Chorus]

[Jada] Ah-ha!
