Tonight I'm freakin' out again
Tonight I'm thinkin' so low
All I wanted was a friend
All I've got is no one
Tonight I'll sleep alone
I won't sleep at all

My heart isn't alive

Right now, I'm sinking further down
Right now, I'm breaking inside
A long drive to see you lie in bed
A long ride wishing for your life
Tonight I'll stay with you
And I will get us through

My heart ripped from my chest
Too late I hope not for this
My heart isn't alive

Nauseous preparing for the worst
Cautious repairing open wounds
Yet somehow believing in a chance
It'll turn out to be another test
And you'll come back again

My heart ripped from my chest
Too late I hope not for this
My heart isn't alive

My arms carry the weight
Two hands folded yet straight
My arms closed in a prayer for you

You're lost in the woods, they say to me

Right now, I'm sinking further down
Right now, I'm breaking inside

My heart ripped from my chest
Too late I hope not for this
My heart isn't alive

My heart ripped from my chest
Too late I hope not for this
My heart isn't alive

My arms carry the weight
Two hands folded yet straight
My arms closed in a prayer for you, prayer for you

Tonight I'll stay with you
