CHORUS

ive never been touched like this - ive never been

ive never been kissed like this - ive never been

i never knew i felt like this - i never knew

i never knew a love like this

pardon me - excuse me - forgive me - i cant help it

but i see - the energy - between you and me - and im
selfish

dont want no - other girls - calling you - never ever

cause i want - us to stay - together - forever

CHORUS....

believe me - when i say - there is no one - i mean none

that can do - the things you do - the things you did -
and get done

and i believe - that i can feel - this way - for a reason

in all the ways - you make me feel - boy you keep - me
breathing

CHORUS....

what you got - them others dont - cause youre the one i
want

you make me hot - them others dont - cause baby
youre the one i love

what you got - them others dont - cause youre the one i
want

you make me hot - them others dont - cause baby
youre the one i love

CHORUS.....(till the end
