I never felt alone
I was happy on my own
And who would ever know there was something
missing
I guess I didn't see the possibility
It was waiting all the time
But it never crossed my mind
Till you opened up my eyes
Now all I think about is

CHORUS: You in my life
In my dreams
In my heart I know it's true
That I belong with you
Because of you in my world
In my arms
I have everything and now
I can't imagine what I'd do
Without you

I never thought that love could be
Such a curiosity
What attracted you to me
Was so unexpected
But it was waiting all the time
And it never crossed my mind
Until you opened up my eyes
Now all I think about is

You in my life
In my dreams
In my heart I know it's true
That I belong with you
Because of you in my world
In my arms
I have everything and now
I can't imagine what I'd do
Without you

You in my life
In my dreams
In my heart I know it's true

That I belong with you
Because of you in my world
In my arms
I have everything and now
I can't imagine what I'd do
Without you

In my life
In my dreams
In my heart I know it's true
That I belong with you
Because of you in my world
In my arms
I have everything and now
I can't imagine what I'd do
I can't imagine what I'd do
Without you
Without you
