J Formz: Yeah, J Formz. Yo this me man, it's just the way  
I am. I don't know  
why I made the choices I made. But I did it and that's  
that. And I accepted  
that you know what I'm sayin'? Check this..

[J Formz]

I aint grow up in the gutter, but I'm headed right for it  
And I guess my ex girl was the only one who saw it  
What you know about growin' up in my shoes?  
Yeah I know them cats do the same things I do  
But I aint have no excuse  
I didn't grow up in the PJ's, I didn't have to shoot  
Didn't have to hustle to make loot, I chose to  
Now the bottom is the only place I rose to  
My parents cared about me, tried to make me do right  
But looks like I was wrong and you was right  
Just dropped out of college, fuck life  
I chose to live my life wrong, somewhere inside I said  
"Fuck right"  
Sittin' up nights  
Thinkin' bout how I turned a good situation to a fucked  
up life  
I can feel it, believe me I know exactly where I'm  
headed  
I made mad mistakes but I'll never regret 'em

[Chorus]

I know exactly the choices I made man. I'll never regret  
nothin' in my life  
One day I hope I could look back and say I know why I  
did the things I did  
But until then, I'mma say this...It's my life, real shit

[J Formz]

In my life 20 years passed  
But for like the first 15 I was headed for the clear path  
Then I seen that green, it was right there  
Street life and a team, I could go right there  
Started hustlin', I was down for the green  
Yeah, I loved my girl, but I was down for my team

She seen where I was goin', knew she couldn't count on  
me  
She loved me but I chose this, she hadda bounce on  
me  
I guess since I didn't have it that bad  
Subconsciously, I made myself act bad  
Some cats were just put in their situation  
They had no choice but I chose to be in the shit I'm  
facin'  
So who wants it more  
When you was forced to play the part and I chose to be  
hardcore?  
Made the wrong choices, I know I could still feel it  
But the streets is callin', I could still hear it

[Chorus]

I feel it man, I'm fuckin' shit up. This is how I'm doin'  
me, it's my life  
We ready and willing. Hear me out one more time

[J Formz]

Now I could try and go back, but I know it's too late  
All my life I never really believed in fate  
But now I feel like I was meant to be like this  
It's like I got no choice, it's just gon' be like this  
No matter what I do, cause the streets is in me  
I see a lot of loved ones is reachin' to me  
But instead, I turn away and bring myself to this pain  
I wasn't born in the hustle, I put myself in this game  
And I'm never gon' change, that's a choice I've made  
So it's either the street life or me up on the stage  
G-Town: you know nuthin' about us  
Bein' a thug, sellin' drugs, the only things I got left to  
be proud of  
My words is clear, my actions sincere  
I'm still tryin' to figure out really why I'm here  
Cause I can't deal with no deal, I wish I could steal it  
And I know I fucked up, believe me, I could feel it

J Formz: Every night man, I wonder why I do the things I  
do. I wonder why I  
dropped out and why I started sellin' for. It's just in me  
man, thug 'til the  
day I die son. Ghostown
