Bare brown skin bare brown skin
Up on the roof doing it again
I know that i really outta call you in
But baby i just love your bare brown skin

Australian girls australian boys
Playing with the sun just like its a toy
But we're gonna get burnt we're gonna get burnt
A couple of drinks we forget what we learnt

CHOURUS

Surf city limits surf city
Surf city limits surf city
Surf city limits surf city
Surf city limits surf city

A radiant glow think that you know
Secret to long life in speedo's
Life on the beach all coverd in oil
I wanna wrap you up in aluminium foil

Australian girls australian boys
Playing with the sun just like it's a toy
But we're gonna get burnt we're gonna get burnt
A couple of drinks we forget what we learnt

Summer summer lovin' summer summer lovin'
Lovin' lovin' lovin' lovin', lovin' each other
Faling in love with the holiday speed
An overwhelming awe encompassing me
All over each other like lions at a feed
A headanistic masacistic primal need

CHOURUS X2
