"Giants"

I stand in anarchy with broken fists
Their iron knuckles only bruise my chin

It's not the first time I've been down and out
I'll be the juggernaut

I've been destroyed I've been gunned down
Blindly fighting burning out from warring giants deep
inside
I just want to run from all the madness
I just want to fade away from all that's hopeless
Fade from warring giants deep inside

My crumbled walls and conquered borders fade
Each day another fatal bruise is made
Keep on pretending I'm the stronger man
I am made perfect though my weakness stands
