Turns out today I'm playing the bad guy
but I'll consider doing something good
if it fits my agenda
because I don't have time to think about you
I don't have time to worry about you

Turns out today I'm worse than yesterday
cause yesterday I was thoughtful and kind
with you on my mind
but that's not me, no that's not me anymore

What happened to me
I used to be a good guy
I used to be a good guy
All that's left is the ghost of my good side

Oh whoa oh
selfish mistakes oh how it breaks your heart
oh whoa oh
this person I've made is tearing us both apart

Turns out today I gossiped your secrets
but it's only cause I'm insecure
over all my abjection
but in hindsight I can see so clearly
in hindsight I can see so clearly now

What happened to me
I used to be a good guy
I used to be a good guy
All that's left is the ghost of my good side

What a lie
what a selfish diposition
It appears I've abandoned you in every way
give me a chance I'll redeem these poor intentions
and maybe just maybe you and I will be alright
again
we'll be alright again
