And the booties say "DJ, just one more song"
There's a real mo'fucking party going on
There are bitches, suckin' the dicks of MC's
There are bitches getin' horny and squeeze
Hey shorty, you keep playin' with my mind
So stop the show and press rewind
I'll make the steps to take you from behin
Don't be a fool fucka
Not this motherfuckin' time sucka
Chorus:
It's party all the way, you better stay (x 5)
We'll get high, but not by crack
I know that I'm a crack better than Mack
10 and bigger than anyone you pretend
So don't try to save your soul
My rhimes will get you as a big black whole
All you have to do is get wit of it
Sing with me, sing that fuckin' shit
Feel my rap and feel the beats
This is Hip-Hop music comin' straight from streets
It's not just a story, uh, reality
As in Moral Kombat, uh, fatality
Comin' directly of my brain
This is the act, this is the main artist
Beware and God bless ya
Cause if he don't my moves will get ya'll
Chorus
You better start runnin', runnin' away
Giggollo is comin', comin' your way
Or stay and throw your hands real high
The party you will get, you can't deny
riiiiiiiiiiiiiiiiiight, riiiiiiiiiiiiiiiiiiiiight !!!
Nobody raps better
It's just me, Lord G, no matter
