You might think I'm crazy
You might even think I'm out of my mind
Oh my knees are shakin
my heart is achin out of it's time
But ones thing for certain
One things for sure
This feelings stronger then it's ever been before

It's getting harder to ignore
It's getting harder to ignore

I can't help it I'm dependant
And I'm watching you run out of my mind
Oh temptations calling
I can hear it from my window tonight.

Oh I'm not for certain
I'm not for sure
But I think your pants are tighter
then they were the day before.

It's getting harder to ignore
It's getting harder to ignore
It's getting harder to ignore
Harder to

I used to think I understood
The difference between bad and good
That's before I ever knew
someone could love me like you would

So whats the trouble you might ask
Cruddy days are in my past
I like to think there's truth in that
But sunny days they never last

It's getting harder to ignore
Harder to ignore
It's getting harder to ignore
It's getting harder to ignore.
