Phantom voices with no words to follow  
At the mercy of the cold and hollow  
I withdrew into my sanctuary of silence  
My defence

In this moment I am just becoming  
Liberated from my cell of nothing  
No sensation there was only breathing  
Overcome oblivion

Falling Awake  
From a walking sleep  
And all that remains  
Is the dying memory  
And now I can dive for  
these dreams I make  
Like I am Falling  
I am falling awake

Waves of melodies once forgotten  
like a symphony across the ocean  
Never knew that they could hear my calling  
deep within  
crashing in  
rushing in  
like falling  
Falling Awake  
From a walking sleep  
And all that remains  
Is the dying memory  
And now I can dive for  
these dreams I make  
Like I am Falling  
I am falling awake

There is no returning to that emptiness,  
loneliness  
The dream that lives inside of me  
won't fade away, it's wide awake

Falling Awake  
From a walking sleep

And all that remains  
Is the dying memory  
And now I can dive for  
these dreams I make  
Like I am Falling  
I am falling awake
