Put all your angels on the edge  
Keep all the roses, I'm not dead  
I left a thorn under your bed  
I'm never gone

Go tell the world I'm still around  
I didn't fly, I'm coming down  
You are the wind, the only sound  
Whisper to my heart when hope is torn apart

And no one can save you

I walk alone  
Every step I take, I walk alone  
My winter storm holding me awake  
It's never gone when I walk alone

Go back to sleep forever more  
Far from your fools and lock the door  
They're all around and they'll make sure  
You don't have to see what I turned out to be

No one can help you

I walk alone  
Every step I take, I walk alone  
My winter storm holding me awake  
It's never gone when I walk alone

Waiting up in heaven  
I was never far from you  
Spinning down I felt your every move  
I walk alone

I walk alone  
Every step I take, I walk alone  
My winter storm holding me awake  
It's never gone, when I walk alone
