

## Tarja "The Reign"

Visit "[The Reign](#)" on MotoLyrics.com

I see the waves of sand  
Big free, another land  
Dreams within dreams, you are alive  
They gave me their wings, I spread them wide

I'll move on to another place  
From my memories unmade  
I'll hold on and my heart will find you there  
Love will shine free forever

Sun flames and moons glow  
Timeless the tides will flow  
What will I face? What will be mine?  
Fortune and fate, the other side

I'll move on to another place  
From my memories unmade  
I'll hold on and my heart will find you there  
Love will shine free forever
