Despair and Deception, Love's ugly little twins
Came a-knocking on my door, I let them in
Darling, you're the punishment for all my former sins

I let love in

The door it opened just a crack, but love was shrewd
and bold
My life flashed before my eyes, it was a horror to
behold
A life-sentence sweeping confetti from the floor of a
concrete hole

I let love in

Well, I've been bound and gagged and I've been
terrorized
And I've been castrated and I've been lobotomized
But never has my tormentor come in such a cunning
disguise

I let love in

O Lord, tell me what I done
Please don't leave me here on my own
Where are my friends?
My friends are gone

So if you're sitting all alone and hear a-knocking at
your door
And the air is full of promises, well buddy, you've been
warned
Far worse to be Love's lover than the lover that Love
has scorned

I let love in
