Zoo-music girl, zoo-music girl
Our life together is a hollow tooth,
spit out the shells, spit out the shells,
You know exactly what I'm talking about

Don't drag the orchestra into this thing
Rattle those sticks, rattle those sticks
The sound is beautiful, its perfect!
The sound of her young legs in stockings

The rhythm of her walk, it's beautiful
Just let it twist, let it break
let it buckle, let it bend
I want the noise of my zoo music girl
zoo-music girl zoo-music girl

My body is a monster driven insane
My heart is a fish toasted by flames
I kiss the hem of her skirt
We spend our lives in a box full of dirt
I murder her dress and she loves it

If there is one thing I desire in the world
Is to make love to my zoo-music girl
zoo-music girl, zoo-music girl
The sound is beautiful! It's perfect!
I call out her name in the night
Zoo-music girl zoo-music girl

I call her by her family name
zoo-music girl zoo-music girl
Oh God! Please let me die beneath her fists
Zoo-Music Girl Zoo-music girl
