Where the hell did you get that smile?
I haven't seen one of them in a while
'Cause these days I'm such a bore
I look around, I've seen it all before
'Cause something has changed
I used to be an open heart
What have you done to me?

CHORUS

It could have been anyone
It could have been anyone
It could have been anyone
It could have been anyone
But it wasn't you and it wasn't him
It was me who felt like the fool I am
And I won't be the only one
It could have been anyone
Yes it could (yeah, yeah)
When the hell did u get so wise
Foiled again my attempts to disguise
Do you recall the day we kissed
Upon the coast bounded by the mist
I gave you my world to tear apart
Another fool another broken heart

CHORUS

I know doing it again its out of line
Total catch of vision down the line
I know doing it again i must be blind
I'm doing it again, yeah
doing it again
yeah yeah yeah yeah yeah yeah

CHORUS

yeah yeah yeah yeah yeah yeah
oh yeah yeah oh yeah yeah oh yeah yeah oh yeah yeah
