You were there when the wall came down
A baby king with a grown man's crown
And we played in the sun as the curtain was crumbling

I was young and I could not see
Said "if you go won't you please take me"
And you told me that I would forget you eventually

I thought it was over but it's not
I thought it was over but it's not

I'm spinning in circles I can't stop
I thought it was over but it's not
I'm in love (I'm in love)
With a fool (with a fool)
And you don't know what you've lost
It hurts from the bottom to the top
I thought it was over but it's not, yeah

Another year and the job was done
The old republic was dead and gone
And a new way of living would be a reality

It's a while since you shut that door
I don't wake in my sleep no more
Thought the nightmare is gone
No I don't have a dream

I thought it was over but it's not
I thought it was over but it's not

I'm spinning in circles I can't stop
I thought it was over but it's not
I'm in love (I'm in love)
With a fool (with a fool)
And you don't know what you've lost
It hurts from the bottom to the top
I thought it was over but it's not

Does anybody know?
Does anybody know?

Does anybody know?
I thought it was over but it's not
I thought it was over but it's not

I'm spinning in circles I can't stop
I thought it was over but it's not
I'm in love (I'm in love)
With a fool (with a fool)
And you don't know what you've lost
It hurts from the bottom to the top
I thought it was over but it's not
