If you want, we can dance  
But I aint gonna sit and hold hands  
If you want, we can dance  
But I don't know a thing of romance

If you want, we can sing  
Baby, fear is a terrible thing  
If you want, we can sing  
Sing it loud like a telephone ring

And I said,  
"Oh, my baby. I am what you made me."

So while all the kids down in hell all party  
All the saints up in heaven drink tea  
While a dream is anothers romance  
All the fools on the planet  
(All the fools on the planet)  
All the fools on the planet  
Like me on the planet  
Just dance

If you want, we can laugh  
How I wish I could open my heart  
So I sing, take a chance  
Take my first step to freedom and dance

And I said,  
"Oh, my baby. I am what you made me."

So while all the kids down in hell all party  
All the saints up in heaven drink tea  
And the hopefuls and poets likely  
Are singing "How did this happen to me?"  
While a dream is anothers romance  
All the fools on the planet  
(All the fools on the planet)  
All the fools on the planet  
Like me on the planet  
Just dance
