You say you need me then you don't
I say i'll leave you but I wont
We all wanna be free but not alone
So off you go just like before
I hear you slam the taxi door
I hope you find what you're looking for.

I know i'm doing wrong
Yes, I know i'm doing wrong
But I can feel you in my heart
Every time we part

(Set my world on fire)
I love you more every day
You can run, you can run but don't stay long
(I love you more every day)
(Set my world on fire)
And I don't care, I don't care what you say
(I love you more, I love you more every day)

And still that smell you always wear
Just hangs like silence in the air
Holds court when you're not even there
Nobody has to understand
We hold our hearts within our hands
Sometimes it's more than we can stand

I know i'm doing wrong
Yes, I know i'm doing wrong
'Cause I can feel you in my heart
Every time we part

(Set my world on fire)
I love you more every day
You can run, you can run but don't stay long
(I love you more every day)
(You set my world on fire)
And I don't care what you say
You can run but you know where you belong
(I lovve you more every day)
-What more can I say?-

(Set my world on fire)
And I don't care, I don't care what you say...
(I love you more, I love you more every day)

I Know I can't be wrong
Yes, I know I can't be wrong
'Cause I can feel you in my heart
Every time we part
(Every time we, Every time we part)

(Set my world on fire)

-And it's a little bit more than I ever hoped for-
(I love you more every day)

(Set my world on fire)
And I don't care, I don't care what you say...
I love you more, I love you more every day.
