I don't wanna stay anymore
I'm getting out, that's for sure
But how could I leave here alone?
Honey, won't you please come along?

Let's get out of here
I got no credit on my telephone
I got no money in my jeans but come on

Let's go, everyone says it's so cool
Who knows? Could be us
At the greatest show on earth, I'm told
We're gonna get high and I want to

Let's go, fall in love
It's the greatest show on earth
It's the greatest show on earth

So take what you need and nothing more
We've got a lot to explore
The fear of the world kept us in
Safe from the dirt and the sin

And yes, I'm terrified
'Cos when you're out you know there's no return
But I love you and they're gonna learn

Let's go, everyone says it's so cool
Who knows? Could be us
At the greatest show on earth, I'm told
We're gonna get high and I want to

Let's go, fall in love
It's the greatest show on earth, oh
It's the greatest show on earth, yeah, yeah

I don't wanna be in this house no more
Gotta get out, they're boring the hell out of me, yeah
I don't wanna be in this house no more
I gotta get out of here before it kills me
It's gonna kill me, so come on

Lets go, everyone says it's so cool
Who knows? Could be us
At the greatest show on earth, I'm told
I'm gonna get high and I want to

Let's go, fall in love
It's the greatest show on earth, oh
It's the greatest show on earth, yeah, yeah
