Well I know what you're after
It's a rock 'n' roll disaster
Like you see in the papers
That you read on escalators

Did you smile cos you want it
Did I put my finger on it
It's a dream 'til you've lived it
To receive you've got to give it

Don't say anything
You're talking but you don't say anything
You don't do anything
Keep moving but you don't do anything

So turn it up, turn it up
Cos little love just ain't enough
Yeah turn it up, turn it up
There ain't nobody wants to be alone

Did you notice when you walked into the office
With your cup on a plastic tray
All the joys in life that have slipped away
Did you notice (notice, notice, notice)

You don't say anything
You're talking but you don't say anything
You don't do anything
Keep moving but you don't do anything

So turn it up, turn it up
Cos little love just ain't enough
Yeah turn it up, turn it up
And when your heart is sinking like a stone
Ain't nobody wants to be alone

You don't say anything
You're talking but you don't say anything
You don't do anything
Keep moving but you don't do anything

So turn it up, turn it up
Cos little love just ain't enough
Yeah turn it up, turn it up
There ain't nobody wants to be alone
So turn it up, turn it up
Cos little love just ain't enough
Yeah turn it up to big love
And when your heart is sinking like a stone
Ain't no one who wants to be alone
