Aint it strange how relationships start true
Well baby gurl im just a man but my hearts true
Like when they sent me 2 jail later we all knew
U said u sick of the struggle so u cheated 2
When i came home that was the first time i hit u
I didnt mean it baby all i could do was kiss u
I brought that girl in the house and cumed the living
room

but it wasnt really felt like we just moved
Like im the truth i went 2 cuss at ur momma baby
Like y u mad i said the things u dont wanna say
Yo lovin me is crazy thats a known fight
And we aint even makin baby but u still cant fight
Come on she give me

Love Love Love Love Crazy Love
(All the time she give me)
Gimme love love love love Crazy love
(Bump and Grind she give me)
Love love love love Crazy love
(One more time she give me)
Gimme love love love love Crazy love
