I close your eyes
And send you into vainly dreams
I reign your soul
The night engulf your painful screams

I watch you cry and
Twist your soul in agony
No prayers can save you now
From hell in eternity

I devastate your soul
And lacerate your mind
In sin I sanctify my
Sword to crush your spine

[I'm the] Reaper
You're too confused
You can't elude my misty eyes
No need to hang on
To your faith in love and life

Whatever I command
Your soul obeys my needs
You're like a zombie now
With a soul that burns and bleeds

There's not much left of you
Your soul belongs to me
Nothing can save you now
Or set your spirit free

[I'm the] Reaper

[Coming to take you]

I love the sight of having you
Down and open wide
The smell of a dead woman's flesh
Just drives me fucking wild

I have to got you in my grasp now

There is no need to escape
I'll penetrate you
Every virgin needs a rape

Just when you think you have
Gone through all that gives you pain
I'm coming back to you
To penetrate again

[I'm the Reaper]
