Enough

[2009 re-release bonus track]

Ego selfish prima donna
Dancing in your poisoned cage
Thinking that your conscience's clearer
If you drink your dreams away

Feed your anger to the devil
In yourself built wishing well
Take a swim in muddy waters
All the dirt will leave a trail

Had enough symphonies of sorrow
Be so brave and weep me away
Masterpiece of treachery

Built a wall and made me crumble
Just because I am in love
Don't you lie, that you kept all
Those are toys that you have got

Smash the mirror of the version

Keep the dagger that you made
Mirror, mirror, is there someone
Who can make your day today

Had enough symphonies of sorrow
Be so brave and weep me away
Had enough symphonies of sorrow
Be so brave and weep me away
Masterpiece of treachery

Kept my thoughts buried in a box
When it's shut, I still kept it locked
You draw a play written with my blood
Went ahead just to feed the lot

Had enough symphonies of sorrow
Be so brave and weep me away

Had enough symphonies of agony
Be so brave and weep me away
Masterpiece of treachery
