"Angels Don't Kill"

I know the devil walks beside
But I can be safe because angels don't kill
No way we gotta run, 'cause angels don't kill
No way we gotta run, because...

The angels don't kill today
Now I know why
Fuck this shit, I can't live anymore
I solve my problems with a fucking blade

Tearing me apart
I can't take this anymore
No way we got to run
'Cause angels don't kill

(kill!)

The angels don't kill today
Now I know why
Fuck this shit, I can't live anymore
I solve my problems with a fucking blade

Now I know why
Angels don't kill
Now I know why
Angels don't kill
