I wish you were here
I wish we had no fight
I wish we could solve this
And make it all like it used to be

I came to your house and I knocked on the door
I said "I'm sorry" and the next second I heard another
guy's voice

I don't wanna be weak, now I've drawn the line
I have only one thing to say to you: "Eat shit and die!"
I don't wanna be weak, now I've drawn the line
I have only one thing to say to you: "Eat shit and die!"

I ran away from the fucking house and I wept bitterly
I felt betrayed, so empty, you ripped my heart into
pieces

I can't understand how you could do this to me
But now I know one thing, get the hell out of my life!

I don't wanna be weak, now I've drawn the line
I have only one thing to say to you: "Eat shit and die!"
I don't wanna be weak, now I've drawn the line
I have only one thing to say to you: "Eat shit and die!"

Die!
Eat shit and die!
Get the hell out of my life!
Eat shit and die!
Get the hell out of my life!
Eat shit and die!
Get the hell out of my life!
Eat shit and die!
