Blood fell into tears and I feel so wrong about this  
My heart can't take it anymore (anymore!)  
My heart is breaking down and my life is falling apart  
I know the truth to set you free, who cares about you?

Hearts are breaking down!  
Dead on the inside, alive on the outside  
I hate you, I hate you bad!  
Can you live without me?  
I can live without you, I hate you  
I hate you bad!

I hate you!

Do you feel it too, that my heart is breaking down?  
My life is falling apart...

Hearts are breaking down!  
Dead on the inside, alive on the outside  
I hate you, I hate you bad!  
Can you live without me?  
I can live without you, I hate you  
I hate you bad!
