Find forever, I can't feel your heat  
You lied to me, my life is just shit  
So my fist smashed on the wall  
The blood ran and my fist when sore  
I cried to you to go to hell, I cried to you to go to hell

You know this suck, joy is forever gone  
I'm your number two, but I thought I was one so fuck  
you  
I knew that you would take him back  
It feels like you put me in a sack  
And threw me in to the sea, let me drown

Lie for me, that way I feel much better  
Try to see, I cry myself to sleep  
I want to feel the feeling I have never known  
Want to feel like I am home, but I am lost

Stop wondering why I'm so mad  
I don't give a fuck if you hate me now  
Fighting for my sane to trust, don't care for anything  
anymore  
Restless feeling, I must do something to manage from  
this hate

Lie for me, that way I feel much better  
Try to see, I cry myself to sleep  
I want to feel the feeling I have never known  
Want to feel like I am home, but I am lost

Lie for me, that way I feel much better  
Try to see, I cry myself to sleep  
I want to feel the feeling I have never known  
Want to feel like I am home

But I am lost (that way I feel much better)  
But I am lost (I cry myself to sleep)  
But I am lost (the feeling I have never known)  
But I am lost, want to feel like I am home, but I am lost

Lost...
