Nothing but me was a wolf
I could feel like this
I was one myself
I was nothing but a wolf

Blood is good for my health
But I was nothing but a wolf
Blood is running through my skin
I was hunting for the blood

Nothing but me was a wolf
I could feel like this
I was one myself
I was nothing but a wolf

Blood is good for my health
But I was nothing but a wolf
Blood is running through my skin
I was hunting for the blood

Blood is good for my health
But I was nothing but a wolf
Blood is running through my skin
I was hunting for the blood
