I told you once before
you're never gonna get what you're looking for
in my life
in my life

these scars have gone too far
there's just too much friction in the middle of us
and were done, too far gone

and you'll lose it all
only to find you've lost yourself

I told you once before
were never gonna last if you keep on breaking
me down
breaking me down

we can't hold out much more
you twist the knife cause you won't
stand up to your pride
now you're bleeding inside

and you'll lose it all
only to find you've lost yourself
and you'll run for your lies
only to find you've come undone

and when the dawn brings grace
you and I will both run away
run away

you and I we both run away
until today when vindication brought me here

and you'll lose it all
yes, you'll lose it all
(stop breaking me down)

you will lose it all
(stop breaking me down)
