If you really know what's good for you
Ease the loud
Let it blow
Come on baby tell me what you're waiting for
Bring it on, here we go

Break Free of all your senses, baby close your eyes
Just breath to the rhythm of my body and mind

[Chorus:]

Let me see you bounce...ooo
We're goin' higher feel the fire
Let me see you bounce...ooo
It's on tonight we're on the rise...ooo
Let me see you bounce...ooo
You don't have to hide it if you like it
Let me see you bounce
Let me see you bounce
Let me see you bounce

You gotta gotta gotta gotta let it go
If you wanna, really wanna lose it, lose it

Come on, come on, come on, come on put ur hands up
Do it all the way; move it, move it

If you really don't wanna hold it back
Let's react, spin the track
Feel the beat take over
And let's pretend it'll never end

Break Free of all your senses, baby close your eyes
Just breath to the rhythm of my body and mind

[Chorus]

Girl I like it how u shake it on th floor
Everybody in the club wanting some more
Girl I like it when u dip it on the floor
Everybody in the club beggin' for more

Break Free of all your senses, baby close your eyes
Just breath to the rhythm of my body and mind
