Don't speak, you're beautiful
Don't say a word at all
Look at me, I hear your voice in my head like a song in
an hall
I wanna see, are you the one for all time skin next to
mine
Am I lost in a dream ?
Do you really wanna let us slip away ?

If you say it, do you mean it ?
If you feel it, let me see it !
If you want me now, I wanna hear love speak ... Sisst
When you dance with your heart in motion
You pull me in just a little closer
Don't say a word, I wanna hear love speak ... Sisst

Ohhhhohhhuuu

Why be so afraid of the silence ? ssshhh
All the day with the beats in your hair, what you don't
say
Sets me feel like flames of the fire
Like heat gettin' higher
Talk to me with your eyes so that I can believe
Show me love deeper than words ... ooohhhh

If you say it, do you mean it ?
If you feel it, let me see it !
If you want me now, I wanna hear love speak ... Sisst
When you dance with your heart in motion
You pull me in just a little closer
Don't say a word, I wanna hear love speak ... Sisst

If you say it, do you mean it ?
If you feel it, let me see it !
If you want me now, I wanna hear love speak ... Sisst
When you dance with your heart in motion
You pull me in just a little closer
Don't say a word, I wanna hear love speak ... Sisst

Don't say a word ... ohhohh

Let me feel it
You can't conceal it, if the connection's deep
Uuuhhh, if this is meant to be
Then you'll have to speak

If you say it (Ooohhh)
If you feel it
If you want me now, I wanna hear love speak ... Sisst
When you dance with your heart in motion
You pull me in just a little closer
Don't say a word, I wanna hear love speak ... Sisst
