And the room feels like you own it  
And all you see is for the asking  
But just one look is all you're after  
It opens a whole new world

It's not what you're saying  
But it's everything you do  
It drives me crazy  
And it's all because of you

Slide over here  
Skin against skin  
Melt into me  
Forget where you begin yeah  
Cause everyone needs a touch  
Everyone needs a touch

You're like a desert I'm like rain  
I pour down you soak me in

It's amazing  
It's just like a new horizon  
Somehow you make me  
Feel just like I'm flying

Slide over here  
Skin against skin  
Melt into me  
Forget where you begin yeah  
Cause everyone needs a touch  
Cause everyone needs a touch  
No matter who you are or where you're from  
Somewhere down the road gonna see someone yeah  
Cause everyone needs a touch  
Everyone needs a touch

Wearing nothing but the summer breeze  
Baby doing what comes naturally  
Doing what comes naturally
