Once there were oceans  
Endless emerald forests  
Filled with sounds of magic  
Once so long ago

Once I was jaded  
Thought I knew a few things  
Understood so little  
Had so much to lose

Once on a journey  
Through the streams and mountains  
I stumbled on the road that  
Brought me close to you

I will follow you  
I will follow you  
Even when winter is coming

Once in the forest  
(you) Told me that you loved me  
From that moment changed me  
Something sad just once

Words in a diary  
Fade upon the pages  
People gone forever  
Shadows on a wall

Still I remember  
Love we had in winter  
Sunlight on your fingers  
Secrets in the snow

I will follow you  
I will follow you  
All through the night I will follow

Once on the ocean  
Thought I heard you whisper  
"Stay with me forever"

Now, always and once
