(Glenn Sutton - George Richey)

I've thought the world for me had ended when she left
So my pride let me start feeling sorry for myself
I built a wall around my heart for security
Then your sweet love opened up a brand new life for me.

Clouds of doubt were gone at last I saw the sunshine
Instead of crying now I feel like singing all the time
Now at last I know how sweet the joys of love can be
And it all happened when your sweet love lifted me.

Yes, your sweet love lifted me
You showed me how your sweet love could satisfy me
I was blinded you made me see
When your sweet love lifted me.

Yes. your sweet love lifted me
You showed me how your sweet love could satisfy me
I was blinded you made me see
When your sweet love lifted me.

Yes, your sweet love lifted me...
