Tell me I'm a fool with my feet off the ground
The way I see it, it's the other way around
Say that I'm a dreamer who's walking on air
Might as well be water, why should I care

There are things that must be sought
And I found the before you
My soul just can't be bought

Why, do you wanna live forever
Trying to makes things last
If you wanna live forever
Break out of your cast

Things that I'm feeling could be out of this Earth
Got to face the new ages having their birth

You fall for the popular call,
Got no guts to take the lead
Have a drink and forget it all

Why, do you wanna live forever
Trying to makes things last
If you wanna live forever
Break out of your cast
Why, do you wanna live forever
The truth might hit you blind
If you wanna live forever
Better widen your mind

Why, do you wanna live forever
The spirits were made to last
If you wanna live forever
Take a risk and move fast
