Angel watch over me
Walking alone to the fall of night
Guardian angel help me to see
Angel be my guiding light

I know the meaning of shame
It makes you feel so broken and torn
I've seen it too many times
I know the face of scorn
I've been on search for truth
But it's never been easy to find
And it's always been so hard for me
To have an open mind

Sometimes you want to give away the blood of your
heart.
Loss or gain?
How to be sure you don't sacrifice yourself in vain

Guardian angel watch over me
Pride leaves you walking alone to the fall of the night
Guardian angel help me to see
Angel be my guiding light

Is there a plave I must find?
A vision to make me understand?
There must be a way to keep
My dreams from drowning into sand
Facing the walls of my inner defence
Do I believe, do I break or bend?
The secrets I've held from myself
Are only means to an end

Should I open all the old wounds, risk the peace of my
mind?
There's nothing else to be learned except the truth
Love must be blind... angel

Sometimes you want to give away the blood of your
heart.
Loss or gain?
How to be sure you don't sacrifice yourself in vain
