Scamper away
around this play ground
One is loved because one loves

Get to an alleyway
A labyrinth of street
You have the language without words

You don't have to say
It's for your own good
You share in love of your parents

Your shadow grows
The victorious sunshine
Everything helps you achieve it

People all over the world understand that
the world's greatest lies are there
It shouldn't be hard for you to notice that
There are starving children on the earth

You don't have to say
It's for your own good
You share in love of your parents

Your shadow grows
The victorious sunshine
Everything helps you achieve it

People all over the world understand that
the world's greatest lies are there
It shouldn't be hard for you to notice that
There are starving children on the earth

Why not?
