(PSC):

If you like what we do then give thanks  
that the thought banks deposits are plenty  
And many to offer the author of this one, gives one to  
ponder upon  
Our arrival, the smiles, they come forth  
Of course you might know this, woes my status  
Barred from the major stations, but fuck 'em  
Hip-hop's my language  
Maybe we stuck 'em with doses of the trueness too  
strong to stomach  
I love it! You can't shut this shit down  
Revenge, read the label, we rule in this town  
Shit, burn in the fire which you create  
Just like Co-Flow, you can't break the 'Sole' of these  
Mystiks  
Put it down every time  
Living Legends gotta rise from the grime  
Put it down with Shui and K-one  
We havin' so much fun out here we can't even hold a  
beer  
Gimme a beer man....

(BFAP):

I hate eatin' nasty shit when I'm broke (eeayuck!)  
I just sorta smoke til I got a headache  
I used to make a tuna fish plate on a bed of Dorito's  
And my toes would be on funk mode  
I'd be on the commode letting out the constipation of  
my life go  
I guess that's when I decided to be self reliant  
Emsoyas or dictators might call it defiant  
Cuz I wasn't talkin' about workin' for nobody no more  
I used to go into the store ashy, and put on some lotion  
And then be postin' on isle 3, and go and put on some  
'D'  
In the underground I make my living  
Giving all that I got cuz you got only one shot to do this  
You can't be pissed, sitting high on your couch  
Like almost everyone I know out  
Couch revolutionists, with no ammo to go into battle

Living Legends grabbed the saddle and rode these  
dreams to breeze  
With the kings of destiny  
But that be on some high tangent shit  
I just get mad when the jealousy hits the realms of my  
friends  
That's why I stay down to earth  
In with my school, better yet, my shovel doin' work  
Maybe one day everybody will understand what they  
must do  
Until then, stay with your mind  
I'm only gonna let you know cuz I dropped out of school  
To do six world tours, trying to make it to the core and  
side B  
Revenge, our own black owned company  
International sales over foreign seas  
Is where me and Tommy be in '97  
See how they tried to tape us down  
But they never keep out ass down now  
Now, ah, keep your roots to the ground  
Now, ah, don't be a fuckin' hound  
That's the way we gonna go now....
