When your going through, and you don't know what to do

When the fire gets to high don't draw nigh
Hold your head up high and be of good cheer
All you need to know, your deliverance is here

Count it all joy, count it all joy
Count it all joy, count it all joy
Count it all joy, count it all joy
Count it all joy, count it all joy

I know you sit and ask to yourself so many times
"Why does it seem like I am losing my mind?"
As I sit and reminisce on all that I've been through
I'm realizing it's not about me, but about you

Count it all joy, count it all joy
Count it all joy, count it all joy
Count it all joy, count it all joy
Count it all joy, count it all joy

Hold on, my brother, be of good cheer, don't you give up now
Hold on, my brother, yeah, be of good cheer, don't you give up now
Don't give up, don't give in, no, no, no, no, no
Hold on, my sister, be of good cheer, don't you give up now

Count it all joy, count it all joy
Count it all joy, count it all joy
Count it all joy, count it all joy
Count it all joy, count it all joy
