Going through the deep icy waves  
Thrown in end all because death waits  
Throughout during the winter  
Guardian of land and sea

Standing close to the throne  
Violent 'cuz I can not see

Power royalty our Presidents hanging  
No one left here anymore

[Chorus:]  
Icy Squall on the Tundra  
Obedience how we reign

Enjoy the sights we know  
Soon it will be turned

Grovel Life Expelled Become Immortal  
Forceful hand, unfeeling  
Groaning dead are near  
Sordid tale of man

Molten rock renown  
Distant brother of man  
Groaning dead are near  
Sordid tale of man

[Chorus]  
[Chorus]
