Ice god shakes the earth  
Destruction of the path  
Sinking deeper in the snow  
Eating bark with blackened hands  
Swollen fingers frozen jaw  
Warm teeth wrapped around my wrist  
Frostbite eating away at our limbs  
Slit the belly brontotherium  
Climb towards vermilion snowbank fall  
Station of the crosses prayer save all  
Chewing bone  
Euphoria  
Land and sky  
Shining skull  
Ice field blanket land  
Hunted beyond the fray  
No direction known  
Running with the band  
Provisions wearing thin  
Avalanche sweeps the land  
Starvation setting in  
Spilling all that's left  
Should've kept the fruits from virgin's vine  
Three-horned face  
Pillar of red  
Evil lives atop my crooked spine  
Rosebush current flow  
Carmine river go  
Solar storms erupt on the sun  
Ice fields blanket land  
Snow queen  
Hypothermia  
Ice lips  
Hallucination  
Ice field blanket land  
Hunted beyond the fray  
No direction known  
Running with the band  
Provisions wearing thin  
Avalanche sweeps the land  
Landscape ebb 'n' flow

Think I felt the end of time  
Skulls aglow as crystal shines  
And starts to warm the empty climb
