I would give my life for you  
You mean the world to me  
Baby Baby Baby Baby  
Ooooooh!  
You know that I love you  
Uh-hu, yea come on  
And I wanna be together  
We can runaway  
Its NB Ridaz  
Just me and you  
Same click new title  
Just me and you  
Will you runaway with me?

(Verse 1)

The day I wrote these words for you I cried  
Could of died that day  
A happy and complete man  
Cuz in the palm of my hands  
Everything I dreamed of and more  
And you know that IM down for yours forever in life  
The reason why I made you my wife  
Is because you see me for me  
The real me  
And love me unconditionally  
And even with them circumstances that I had  
You still gave me a chance  
And that's why  
I live and breathe for you and the kids and you give  
Me more than this thing can ever give me  
And now my life is satisfied and complete  
Visions are coming true (Yea) of me and you  
Placing rings on each others fingers saying "I do"  
You stuck with me through my thick and my thin  
To go back and live life over again (Nah)  
This is my destiny  
It was worth the agony to get the ecstasy

(Chorus)

We can runaway and spend some time  
I'll always be the one right by your side  
Tell the whole world you belong to me  
You are my everything  
Ooooooh  
I wanna run a way with you

(Verse 2)

I never ever met a shorty that was quite like you  
And even though it was wrong I fell in love with you  
Now we sit here  
Not really knowing what to do  
But IM sure that you know I give the world for you  
If I could runaway with you I wouldn't even think twice  
(Uh-hu)  
I promise girl I put it all on the line  
I know forever seems to be a long time  
But thats what I'm seeing when I look into your eyes  
And it don't matter what your friends might say  
Kuz I know deep inside you feel the same way  
You can tell me what you want but I can read your mind  
So quit lying to yourself and put your hand in mine  
I get excited every time you come close  
And being right here with you is what I love the most  
So anytime you feeling lonely inside  
We can runaway together leave this world behind

(Chorus)

(Verse 3)

Waking up the morning and you still not there  
Can we runaway and escape somewhere  
Missing your soft touch, your lips next to mine  
Holding up your hands as you looked into my eyes  
What must of happened to the love we both felt inside  
Emotions were strong and the feeling was right  
Now we don't speak any more  
You went you own way  
If that's what loves about then I was mislead  
Go ahead and take your time if that's  
What you need  
My love for you is forever, my heart for you bleeds  
Things happen for a reason so I ask myself  
"Should I be strong and wait or move on to someone  
else"  
I know you still love me I can feel it inside  
You always kept it real, No games, No lies  
If you ever feeling lonely feel the need to get away  
Call me up, I'll be there together we'll runaway

(Girl)

(Chorus)
