Take me to the shore?
and wrap me in a blind tomorrow?
I won't fight no more?
and I won't scream?
maybe we'll be washed away?
maybe I just need a holiday?

This time we'll get?
a room with a view and a velvet painting?
and this time we'll stay inside?
until the lights go down?
over the palm trees and the sand?

Buy me the blue sky?
and wrap me in clouds of blasphemy?
in the end I won't ask why?
you can do what you want with me?
maybe we'll be thrown away?
maybe we just need a holiday?

This time we'll get?
a room with a view and a velvet painting?
and this time we'll stay inside?
until the lights come up?
and everything's vermillion?

Take me to the shore?
and throw me in the water?
I won't fight no more?
no, I won't say a thing?
