A touch a glance it's a slow dance - it's a classified
romance Purpose, lust and charm - dance to an old
refrain (I love you) Mutual attachment - semi
detachment - rinse out the dream - in the washing
machine Take out the ring - two fates sealed -
negotiated a business deal - Is this true romance?
Champagne bubbles Going flat - gone flat Will you dine
with me tonight Will you dance and hold me tight Send
me an orchid on Valentine's day What more need you to
say - Will you be my wife - be mine honour and obey - be
mine drink some more white wine - be mine think it over
one day - be mine love you - (touch glance, it's a
romance)
