Wake up, middle of the night
Screaming my brains out
Get high, middle of the afternoon
No way, can't stop thinking about you

It's just my nightmare
One lavish nightmare
You call me animal
That's just not the truth

[Chorus]
I'm no animal
No animal with you
No animal
Oh-oh
I'm no animal

Tough luck ain't enough for you
Your best friend turned out to be
your worst enemy
I know what you want,
Neon Sunset Boulevard

It's just my nightmare
One lavish nightmare
You call me an animal,
but that's just not the truth

[Chorus x 2]

Wake up, middle of the night
Screaming my brains out

[Chorus x 5]
