Tell me now....
If theres a way
To get to you somehow?
I need to know
Right now

If thats what it takes to make you mine
I beg the stars to shine
and pray that you will see the sign
If thats what it takes to make you mine

I wanna know if you feel
what I feel
I need to know whats on
your mine
Im gonna shear all the dreams
that I have
So you can keep tell me
deep inside

Bridge 1#
Tell me now....
If theres a way to get to you somehow
I need to know right now

Chorus#
If thats what it takes to make you mine
I beg the stars to shine
and pray that you will see
The sign
If thats what it takes to make you mine
I swear Im strong enough
I wait until the end
Of time
If thats what it takes to make you mine

To make you mine

You know I've got everything that you need
So baby open up your eyes
Take a chance

You've got nothing to loose
I swear I keep you satisfied

Bridge 2#

Tell me now....

If theres something Im telling here and now
Baby show me how

Chorus#

Rap#

Boy, IÂ´ve got a kind of groove
You cant believe in
Watch my body move
I'll make you headspin
Hang around just a little while
IÂ´ve got the stuffs you want
I garentie a smile

You gotta come real close
To resive my loving
Bumpin' Grindin'
A little push and shovin'
I give you love as sweet as wine
If thats what it takes to make you mine

Bridge#

Chorus#
