Get loose (get loose)  
Girls get your hair did  
And your nails to  
That's right (that's right)  
Party all night (all night)  
Til the break of dawn  
And then it's all right

Gotta have that  
I want that (i want that)  
I need that (i need that)  
I like that  
Gotta have that

I'm bout to get in  
Bout to turn the key in  
I'm in the need to speed  
To the V.I.P.  
I gotta find the one  
He gotta look his best  
He keeps it locked  
On the East back to the West

He tryna sip mo of the Hypno  
He feelin tipsy now he tryna get low  
I tell you one thing that i can't stand  
When a dude tryna pop one a handstand

He's all up on me  
And i'm like damn  
He's looking good and  
I'm like damn  
Temptations is callin  
He's holding my hand when i already got a man damn

Get loose (get loose)  
Girls get your hair did  
And your nails to

Party all night (all night)  
Til the break of dawn  
Then it's all right

I want that ( i want that)

Pulled up in the whip  
Valet parked it  
Left my whip number one  
On the mobile market  
Walked in  
I'm the chick everyone's watchin  
I'm the typa chick that keeps the party hoppin
