Ash, AshLay

C'mon it's just the West Coast flow

Crank up the music
Crank up the music
Crank up the music
Crank up the music
Crank up the music
Crunk up the music
Crank up the music
Crank up the music

Stop the music it's about to jump off
Get on your grind I chi-kick your pumps off
Exchange your words when the time is right
Cuz somethin's tellin me it's goin down tonight

Stop the music it's about to jump off
Get on your grind I chi-kick your pumps off
Exchange your words when the time is right
Cuz somethin's tellin me it's goin down tonight

Jump off your quick to run off
This cliff I dump off
This chick don't come soft (no, no)
I permits to come raw
This strip can jump off
To kick your pumps off (oh, oh)
This lip is all talk
Dismissin ya'll walk
Get stiff in ya'll style (go, go)
This wig that ya cop
Get ripped off ya top
Miss sneakers is hot
I'm swift with my hips they mad destructive
Leavin ya face under mad destruction
Skip small talk let's rap discussion
Countless teeth now that's mad deduction
You ready to deal with a reprecussion

You get in my face i'm quick to rush in
Toi get grimy i'm the one that jump in
Lay turn it up and get the crowd jumpin

Crank up the music
Crank up the music
Crank up the music
Crank up the music

Stop the music it's about to jump off
Get on ya grind I chi-kick your pumps off
Exchange the words when the time is right
Cuz somethin's tellin me it's goin down tonight

Stop the music it's about to jump off
Get on ya grind I chi-kick your pumps off
Exchange the words when the time is right
Cuz somethin's tellin me it's goin down tonight
