You got me
You got me
You got me all shook up
You got me
You got me
You, you got me

You got me all shook up
Workin my style now you wanna hook up
For you my body's cravin
Lookin for the love anticipating

Yeah you got me i can't explain
The way you got me feelin i can't complain
When you come around i'm all shook up
Jaw hit the ground everytime i look up
And yes i'm hungry for your lovin
Gotta sweet tooth for the kisses and the rubbin
Hopin i recieve some roses in the dozens
Wife me up cuz i'm lookin for a husband
Wantin you to usher me out like raymond
Goin to award shows actin like we famous
Your the hottest guy and i'm the flyest damin
We the perfect couple now we entertainin
Knowin it's a dream it's what i'm chasin
Not havin you around is what i'm facin
Satisfied appetite yeah i'm waitin
Until then you'll be the one i'm cravin

You got me all shook up
Workin my style now you wanna hook up
For you my body's cravin
Waitin for your love i'm anticipating

You got me all shook up
Workin my style now you wanna hook up
For you my body's cravin
Waitin for your love i'm anticipating
